

Individuality and Corporate Identity Courtyard by Marriott Schoenbrunn, Vienna (A)

Situated next to the Schoenbrunn Palace, Vienna's most famous attraction, the Courtyard Vienna Schoenbrunn has an unbeatable location; an enviable setting is however not the whole story. State-of-the art equipment, spacious guest rooms in warm colours and the high level service for which Marriott is noted combine to create an environment that is both comfortable and functional.

The project was a special challenge since an existing office building had to be converted into a hotel, a task the studio of the renowned architect Dipl.-Ing. Walter Hoffelner mastered superbly. This studio, with its team of specialists in tourism, interior and furniture design, and particularly corporate design, was the perfect partner for the Marriott Group.

Since Architect Hoffelner was also in charge of the interior equipment, he created individual fabric designs which comply with Marriott's brand identity requirements and at the same time complement the hotel's modern architecture. The transformation of those ideas into high-quality upholstery and decoration fabrics was done by Baumann Dekor. Based in the north-eastern part of Austria, we too have been in the contract business for many years and we are proud to be able to draw on our own experience of more than 500 successful prestigious hotel projects.

Thanks to our in-house full-step production facilities (incl. dyeing, weaving, printing, and finishing) we can quickly and flexibly fulfill special customer requests. It goes without saying that our fabrics also comply with the stringent international standards of the Hospitality Contract business: flame retardancy, resistance to abrasion, ease of care, etc.

"We have been working with Baumann Dekor for many years and have cooperated with them on a number of hotel projects. Their efficiency and commitment are simply amazing: special requirements and custom-made developments never are a problem and are implemented promptly, their extensive textile collections leave nothing to be desired for, delivery schedules are complied with exactly. In other words: you always get best value for money. Baumann Dekor's competence and innovativeness always make it a pleasure to cooperate with them."

Dipl.-Ing. Walter Hoffelner, Architect, Vienna
